

SPRINGDALE BOROUGH Help us Shape the Plan!

Join the Steering Committee or Focus Group

The success of this project relies on the participation of the community. To do this, we are creating a steering committee group and a focus group to better understand the needs, vision, and interests of the community. These two groups have very different roles and requirements.

Steering Committee: The steering committee is a small group of dedicated members who will meet in person, almost monthly to provide feedback, generate ideas, and review key aspects of this plan. Members are required to attend all meetings and constructively contribute to discussions.

Focus Group: The focus group is a half-day commitment that consists of workshops, information gathering, and problem solving surrounding a specific topic. There will be 7 focus groups in total ranging a variety of topics. More information coming soon!

TO JOIN

If you are interested in joining either group, please send a letter of interest to Courtney at Courtney@friendsoftheriverfront.org and Sb@springdaleborough.com by May 27, 2026. Identify your interest in the subject line: Steering Committee or Focus Group.
